

# Some things you just can't STOP!

Like a crazy man who shoot flaming arrows, so is the man who hurts his neighbor with words and then says, "I was only joking." Prov. 26:18-19

Dear Parent,

Have you ever said to your child, "Stick and stones can break your bones but words can never hurt you?" Well, that's a lie. Because unkind words can break your heart. Your child saw in the video how unkind words can do just that. Our goal is to help children see that when someone says unkind words to them, Jesus wants them to forgive them. And, the unkind words that they might speak can really hurt someone. Ask you child what unkind words have been said to them, and how does that make them feel? What unkind words have they said that might have hurt someone? Do they need to forgive and be forgiven?
